27th October 2014
Grand Central Hotel, Glasgow

Protecting the Public – how can we assure fitness to practise?

7th Annual Regulation Conference

Topics that may be covered include:

- Competency drift – the link between competency and disengagement
- Preventing small problems becoming big problems
- How the fitness to practise world is changing
- Education and training developments
- Promoting professionalism in the private sector
- Reviewing revalidation
- Assuring continuing fitness to practise of the whole team
- Reviewing regulators' fitness to practise decisions - an evaluation of the Professional Standards Authority process
- Strategic Relationships; the effective use of intelligence data to deliver risk based regulation
- How effective is regulation?
- The integration of health and social care
